# Reconnecting: Campus Student & Campus Parent

Welcome back to Campus Student and Campus Parent portals! Our migration to the Cloud is complete. Please review the steps below on how to reconnect to the mobile app.

Reconnecting to the App

The Campus Student and Campus Parent apps provide the same tools as the browser version, with the benefit of the option to Stay Logged In and receive push notifications.

To reconnect to the mobile app you will need to:

1. Search for your **District Name** and **State**, entering at least three characters of your district's name to search. Select your district from the list.
2. Enter your **Username** and **Password**, provided by your school.
3. If using a secure, private device, mark **Stay Logged In** to receive mobile push notifications, if enabled by your school.
4. Click **Log In**!

How do I get Notifications?

Notifications are available through the Campus Student and Campus Parent mobile apps, if enabled by your school. You may need to enable notifications on your device as well, in addition to the app settings.

1. Before you log in, mark **Stay Logged In** to receive notifications.
2. After logging in, click the **user menu** in the top right and then click **Settings** and **Notification Settings**.
3. From there, indicate which types of notifications you would like to receive and set the threshold for notifications. For example, indicate if you only want to receive Assignment notifications if the score is below 70%.
4. Click Save

Logging into your account on a computer or through a web browser should be the same , but you will need to use the new URL. https://desmoinesia.infinitecampus.org/campus/desmoines.jsp
